

Release Readiness Report

Prepared by Ruknuddin Asrari - Software Quality Engineer

Organization: The Career Insights

Repository: <https://github.com/mustafa-thecareerinsights/Software-Quality-Review-Release-Readiness-Report>

Objective

Perform a complete quality review of the web application and verify whether the application is ready for production deployment.

Final Release Recommendation

Ready with Minor Fixes. No critical blockers were identified. Minor improvements should be completed before final production rollout.

Readiness Item	Status	Notes
UI consistency reviewed	Completed	No blocking issue found
Functional validation reviewed	Completed	Required and invalid input validations verified
Browser compatibility checked	Completed	Chrome, Edge, Firefox reviewed
Mobile responsiveness checked	Completed	Minor improvements recommended
Error handling reviewed	Completed	Message clarity improvement recommended
Basic performance reviewed	Completed	No major slow loading observed
Broken assets checked	Completed	No broken assets observed
Quality risks documented	Completed	Risks listed with severity, priority, and mitigation
Final release recommendation prepared	Completed	Ready with Minor Fixes
